Subject Index

Abscess
  nonsurgical cure of brain abscess, early diagnosis and follow-up with computerized tomography (Berg et al), 474
Acanthocytosis
  familial degeneration of basal ganglia with acanthocytosis (Bird et al), 253
Acetazolamide
  effects of acetazolamide on myotonia (Griggs et al), 531
Acrylamide
  attenuated dynamic responses of primary endings of muscle spindles, basis for depressed tendon responses in acrylamide neuropathy (Lowndes et al), 433
Alcoholism
  EEG manifestations of chronic ethanol abuse, relation to cerebral cortical atrophy (Newman), 299
Alzheimer disease
  Huntington disease associated with Alzheimer disease (McIntosh et al), 545
  possible biochemical basis of memory disorder in Alzheimer disease (Smith and Swash), HYPOTHESIS, 471
Amanita mushroom poisoning with recovery from coma (Teutsch and Brennan), 177
Amantadine
  four-year treatment of patients with parkinsonism using amantadine alone or with levodopa (Timberlake and Vance), 119
Amines
  disorder of biogenic amines in dihydropteridine reductase deficiency (Butler et al), 224
  dopamine binding following prolonged haloperidol pretreatment (Hitri et al), 134
Amino acids
  free amino acid levels in amyotrophic lateral sclerosis (Patten et al), 305
Aminophylline
  treatment of acute cerebral ischemia with intravenous aminophylline (Estrin), LETTER, 372
Ammonia
  cerebral blood flow and metabolism in chronically hyperammonemic rats, effect of acute ammonia challenge (Gjedde et al), 325
Amyotrophic lateral sclerosis
  free amino acid levels in amyotrophic lateral sclerosis (Patten et al), 305
Anesthetics
  behavioral toxicity of anesthetic gases (Snyder et al), 67
Aneurysms
  rebleeding rate of untreated cerebral aneurysm (Karis), LETTER, 375; reply (Winn et al), LETTER, 375
  treatment of subarachnoid hemorrhage from ruptured intracranial aneurysm with tranexamic acid (Chandra), 502
Angiitis
  granulomatous angiitis with preceding varicella zoster (Rosenblum et al), LETTER, 374
Angioendotheliosis
  neoplastic angioendotheliosis (Petito et al), 393
Antibodies
  technique for elution of cell-surface antibody from human brain tissue (Gilden et al), 403
Antigens
  failure to demonstrate papovavirus tumor antigen in human cerebral neoplasms (Greenlee et al), 479
  immunological studies related to brain antigens in Huntington's disease (Williams et al), LETTER, 185
Aphasia
  changing patterns of childhood aphasia (Woods and Teuber), 273
Arachnoid cyst with choroid plexus (Alvord and Shaw), LETTER, 563
Arteriovenous malformations
  intracranial arteriovenous malformations in childhood (Kelly et al), 338
Atrophy
  EEG manifestations of chronic ethanol abuse, relation to cerebral cortical atrophy (Newman), 299
  juvenile type of distal and segmental muscular atrophy of upper extremities (Sobue et al), 429
Auditory disorders
  effects of hypothermia on human brainstem auditory response (Stockard et al), 368

Ballismus
  bilateral ballismus in phenytoin intoxication (Opida et al), LETTER, 186
Behavior disorders
  anomalies of motor development in hyperactive boys (Denckla and Rudel), 231
  stimulant drugs and academic performance in hyperactive children (Barkley), LETTER, 376; reply (Duchowny and Leviton), LETTER, 376
Blastomycosis
  spectrum of primary blastomycotic meningitis, review of central nervous system blastomycosis (Gonyea), 26
Blepharoclonus
  gaze-evoked blepharoclonus (Keane), 243
Blood
  effect of carbamazepine on blood elements (Rutman), LETTER, 373
Blue rubber bleb nevus syndrome with CNS involvement and thrombosis of vein of Galen malformation (Waybright et al), 464
Books
  books received and brief reviews, 470
  Clinical Neuroendocrinology, by Martin et al (Zimmerman), 284
  A Textbook of Epilepsy, edited by Laidlaw and Richens (Collins), 284
Brain. *See also specific cerebral disorder*
  abscess
    nonsurgical cure of brain abscess, early diagnosis and follow-up with computerized tomography (Berg et al), 474
  amygdala
    anatomical correlates of electrical and behavioral events related to amygdaloid kindling (Engel et al), 538
  aneurysms
    rebleeding rate of untreated cerebral aneurysm (Karis), LETTER, 375; reply (Winn et al), LETTER, 375

January issue, pp 1–96; February issue, pp 97–186; March issue, pp 187–284; April issue, pp 285–376; May issue, pp 377–470; June issue, pp 471–566.

Brain *(continued)*
arachnoid cyst with choroid plexus (Alvord and Shaw), LETTER, 563
atrophy
EEG manifestations of chronic ethanol abuse, relation to cerebral cortical atrophy (Newman), 299
blood flow
cerebral blood flow and metabolism in chronically hyperammonemic rats, effect of acute ammonia challenge (Gjedde et al), 325
diffuse cerebral ischemia in the cat, local blood flow during severe ischemia and recirculation (Ginsberg et al), 482
diffuse cerebral ischemia in the cat, regional metabolites during severe ischemia and recirculation (Welsh et al), 493
syndrome of facial nevi, anomalous cerebral venous return, and hydrocephalus (Orr et al), 316
blood vessels
control of cerebral blood vessels (Purves), EDITORIAL, 377
cytoplasmic filaments in intracerebral cortical vessels (Nag et al), 555
brainstem
effects of hypothermia on human brainstem auditory response (Stockard et al), 368
cerebral function
is the right hemisphere silent? (Cole), LETTER, 564
nonsensory neglect (Watson et al), 505
speech disorders in cerebellar disease (Lechtenberg and Gilman), 285
transient cerebral dysfunction following chemotherapy for osteogenic sarcoma (Allen and Rosen), 441
chronic ketosis and cerebral metabolism (DeVivo et al), 331
chronic paroxysmal hemicrania, disabling headache syndrome responding to indomethacin (Price and Posner), 183
damage
what hope for repair of the brain? (Raisman), EDITORIAL REVIEW, 101
familial degeneration of basal ganglia with acanthocytosis (Bird et al), 253
further characterization of bound measles-specific IgG eluted from SSPE brains (Mehta et al), 552
hemorrhage. *See* Hemorrhage
hypothalamus in Parkinson disease (Langston and Forno), 129
intracranial arteriovenous malformations in childhood (Kelly et al), 338
intracranial pressure. *See* Intracranial pressure
ischemia. *See* Ischemia
neuropathological changes in cerebellar biopsies of epileptic patients (Salcman et al), 10
striatum
juvenile parkinsonism, a patient with possible primary striatal dysfunction (Naidu et al), 453
technique for elution of cell-surface antibody from human brain tissue (Gilden et al), 403
thrombosis. *See* Thrombosis
treatment of acute cerebral ischemia with intravenous aminophylline (Estrin), LETTER, 372
tumors. *See* Neoplasms
ventricular volume in man computed from CAT scans (Penn et al), 216
Bromocriptine
comparison between lergotrile and bromocriptine in parkinsonism (Teychenne et al), 319
Cancer. *See* Neoplasms
Carbamazepine
effect of carbamazepine on blood elements (Rutman), LETTER, 373
CAT scans. *See* Diagnostic tests
Central nervous system
action of phenytoin on composite electrical-chemical synapse in lamprey spinal cord (Selzer), 202
blue rubber bleb nevus syndrome with CNS involvement and thrombosis of vein of Galen malformation (Waybright et al), 464
distribution of myelin basic protein in central nervous system lesions of multiple sclerosis and acute experimental allergic encephalomyelitis (Whitaker), 291
ectopic generation of impulses and cross-talk in spinal nerve roots of "dystrophic" mice (Rasminsky), 351
epidural spinal cord compression from metastatic tumor (Gilbert et al), 40
spectrum of primary blastomycotic meningitis, review of central nervous system blastomycosis (Gonyea), 26
Cerebrospinal fluid
determination of immunoglobulin content of CSF based on light chain characteristics (Eickhoff and Heipertz), 509
Changes in Editorial Board (Plum), MESSAGE FROM EDITOR, 1
Chemotherapy
transient cerebral dysfunction following chemotherapy for osteogenic sarcoma (Allen and Rosen), 441
Cherry-red spot–myoclonus syndrome (Rapin et al), 234
Childhood diseases
juvenile neuroaxonal dystrophy, clinical, electrophysiological, and neuropathological features (Dorfman et al), 419
juvenile parkinsonism, patient with possible primary striatal dysfunction (Naidu et al), 453
juvenile type of distal and segmental muscular atrophy of upper extremities (Sobue et al), 429
Chloramphenicol-induced phenytoin intoxication (Vincent et al), LETTER, 469
Choroid plexus
arachnoid cyst with choroid plexus (Alvord and Shaw), LETTER, 563
Cognitive dysfunction
alexia and left homonymous hemianopia in non-right-hander (Erkulvrawatr), 549
behavioral toxicity of anesthetic gases (Snyder et al), 67
malignancy of dementias (Go et al), 559
possible biochemical basis of memory disorder in Alzheimer disease (Smith and Swash), HYPOTHESIS, 471
predictors of mortality in presenile and senile dementia (Kaszniak et al), 246
recovery of cognition after prolonged coma (Yarnell), LETTER, 371
what hope for repair of the brain? (Raisman), EDITORIAL REVIEW, 101
Coma
Amanita mushroom poisoning with recovery from coma (Teutsch and Brennan), 177
recovery of cognition after prolonged coma (Yarnell), LETTER, 371
Congenital disorders. *See also specific disease*
congenital sensory neuropathy with selective loss of small myelinated fibers (Low et al), 179

Craniopharyngioma
normal CAT scans in craniopharyngioma (Volpe et al), 87
Creatine kinase BB isoenzyme levels by radioimmunoassay in patients with neurological disease (Bell et al), 52
Criteria for diagnosis of Guillain-Barré syndrome, ANNOUNCEMENT, 565
Cyst
arachnoid cyst with choroid plexus (Alvord and Shaw), LETTER, 563
Cytoplasmic filaments in intracerebral cortical vessels (Nag et al), 555

Dementia
malignancy of dementias (Go et al), 559
predictors of mortality in presenile and senile dementia (Kaszniak et al), 246
Demyelination
congenital sensory neuropathy with selective loss of small myelinated fibers (Low et al), 179
Diagnostic tests
appraisal of PAM cell effect as diagnostic test for multiple sclerosis (Cohn et al), 400
case of Schwartz-Jampel syndrome with unusual muscle biopsy findings (Fariello et al), 93
clinical evaluation of metrizamide for neuroradiology in children (Swick et al), 409
creatine kinase BB isoenzyme levels by radioimmunoassay in patients with neurological disease (Bell et al), 52
EEG manifestations of chronic ethanol abuse, relation to cerebral cortical atrophy (Newman), 299
familial multiple sclerosis, clinical, histocompatibility, and viral serological studies (Eldridge et al), 72
free amino acid levels in amyotrophic lateral sclerosis (Patten et al), 305
nonsurgical cure of brain abscess, early diagnosis and follow-up with computerized tomography (Berg et al), 474
normal CAT scans in craniopharyngioma (Volpe et al), 87
ophthalmoscopy in examination of patients with vestibular disorders (Zee), LETTER, 373
transient spastic paraparesis following abdominal aortography, management with cerebrospinal fluid lavage (Morariu), LETTER, 185
ventricular volume in man computed from CAT scans (Penn et al), 216
Dihydropteridine reductase
disorder of biogenic amines in dihydropteridine reductase deficiency (Butler et al), 224
Dogs
further evidence of possible association between house dogs and multiple sclerosis (Cook et al), 141
multiple sclerosis and canine pets (Kurland and Brian), EDITORIAL, 97
Dopamine binding following prolonged haloperidol pretreatment (Hitri et al), 134
Down syndrome
infantile spasms in Down syndrome (Pollack et al), 406
Drug abuse
EEG manifestations of chronic ethanol abuse, relation to cerebral cortical atrophy (Newman), 299
Dystonia
experimental analysis of EMG feedback in treating dystonia (Bird and Cataldo), 310
Dystrophy
ectopic generation of impulses and cross-talk in spinal nerve roots of "dystrophic" mice (Rasminsky), 351
juvenile neuroaxonal dystrophy, clinical, electrophysiological, and neuropathological features (Dorfman et al), 419
